

TRAKYA DEVELOPMENT AGENCY

Trakya Development Agency was founded in July 2009 in the Trakya region TR21 and consists of the province of Edirne, Kırklareli and Tekirdağ. The ultimate purpose of Trakya Development Agency with its skilled employees, flexible resource and recruitment structure, administrative, financial and technical supports is to be a leading actor in determining regional development strategies.

General objectives of the Agency are increasing the attraction of area with putting forward the economic and social potential, doing promotions of region in both national and international arena, and supporting increase of production and job creation in the region.

Our mission is to be a coordinator Agency which mobilizes the local potentials and to make the Trakya Region as an attraction center competing globally.

INVESTMENT SUPPORT OFFICES

One of the main purposes of Trakya Development Agency is to attract and promote investments in the region. In this context, Investment Support Offices are established as units of Trakya Development Agency and provide consulting services and technical support to the investors according to legislation in force. Investment Support Offices also follow and coordinate processes and procedures about permits and licenses of investors through a one-stop-shop approach. Trakya Development Agency has 3 Investment Support Offices in Tekirdağ, Edirne and Kırklareli.

- Agency Grants
- Investment Promotions
- Entrepreneurship
- Technical Support
- Other State Supports

And you could contact with our Investment Support Offices for all your questions considering your investements procedures. You could also reach our investment guides, reports, news and announcements from our websites.
